

*Artisan since 1949,
TOM, an authentically Tunisian brand, took over
the family tradition of «Biscuits house made»
to modernize and diversify its offer depending on
consumer needs. Tom expanded and developed its
range of products: biscuits, wafers, cakes and layer cakes
which are nearly 70 years the gourmet's pleasure.
Historically, TOM paid special attention to the quality
of its products and its ingredients are selected according
to their taste and energetic qualities.
This TOM timeless tradition,
so well appreciated by children and adults*
